

Bootcamp for  
Early Career Teachers  
Supporting Students  
with Extensive Needs

Diagnostic Center North

# JUNE 14<sup>TH</sup>-16<sup>TH</sup>, 2021 TEACHER BOOTCAMP

The Diagnostic Center, Northern CA presents a hands-on and interactive experience for early career teachers

Presented by Natalie Corona and Tara Zomouse

Participants will gain deeper understanding of how to design and maintain effective classroom settings for students with **extensive (moderate/severe) needs**. It is recommended that participants be teachers who are either: credential candidates, student teachers, interns, and those within the first 2-3 years of teaching special education. Content of the bootcamp will be applicable for teachers at all age/grade levels.
